

KIH GENERAL PURPOSE EPDM

Keeping You Connected

Application: Highly flexible multi-purpose hose, with very good ageing, ozone, weather and abrasion resistance. Suitable for conveying air and water, as well as many chemical products in industry and agriculture. EPDM, black, electrically conductive, smooth tube

Construction: with smooth red cover and textile spiral reinforcement.

Temperature: -40°F / +212°F

Color: ■ ■

Features:

- EPDM tube and cover resistant to heat, sunlight, ozone and weather.
- Kink resistant due to textile reinforcement.
