

KIH MULTIPURPOSE NBR

Keeping You Connected

Application: Versatile multipurpose hose suitable for various applications for which oil-resistance is mandatory. Also suitable for industrial air and water services, compressor lines and many other applications.

Construction: NBR, black, ARPM class A, smooth tube with NVC, red, ARPM class B, resistant to ozone and weather, smooth cover and textile spiral reinforcement.

Temperature: -30°F / +212°F

Colors: ■ ■

Features:

- Non-conductive hose construction with minimum electrical resistance.
- Kink resistant due to textile reinforcement.
